

Making of the First Rotary Weeder in Iran

Bahman Amiri Larijani, Head of the Ministry of Jihad-e-Agriculture Agronomy Group, HARAZ Technology Development and Extension Center in Amol, Mazandaran, Iran, began working with the System of Rice Intensification in 2004.

One of his colleagues, Mr. H. Aghagolzadeh, who is a rice machinery specialist, has made two models of mechanized rotary weeders that can be used with SRI. These are shown below:

Mr. H. Aghagolzadeh
